## 12. PLAYING RULES

### 12.1 OVERS TO BE BOWLED

12.1.1 In PCL-T20 league matches, each side will be allowed a maximum of twenty (20) overs. Each team will be required to complete their 20-overs in 1 ½ hours (4 ½ mins per over). Penalties for over-rate violation are outlined in 12.15. No bowler shall be permitted to bowl more than 20% of the total number of overs in an inning. That is, no more than 4 overs in a 20-over game or more than 3 in a 15-over game etc. In the event of a fraction, that number will be rounded down to the next lower integer.

**NOTE: In the event a team loses overs due to penalties, the opposing bowlers will not be restricted to bowling less than 8 overs unless their team had incurred a penalty of their own.**

12.1.2 **\*\*Refer to PCL 40-over Match Playing Conditions\*\***

## 12.2 ADJUSTMENT OF OVERS TO BE BOWLED

12.2.1 **\*\*Refer to PCL 40-over Match Playing Conditions\*\***

12.3.2 A legal fast short-pitched ball is defined as a ball which passes, or would have passed, between the shoulder and head of the batsman standing upright at the crease. In the event of a bowler bowling a 2<sup>nd</sup> fast short-pitched delivery in an over, the umpire at the bowler's end shall call and signal "no ball" and the bowler will not be allowed to bowl for the rest of the match.

- In addition, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide. For the avoidance of doubt any fast short pitched delivery that is called a wide under this playing condition shall also count as one of the allowable short pitched deliveries in that over.

If any unexpired penance time remains at the end of 1<sup>st</sup> innings, it is carried forward to the 2<sup>nd</sup> innings of the match. However, once his side has lost five wickets in its batting innings, he may bat immediately.

## 12.7 SUBSTITUTE FIELDSMAN OR BY-RUNNER

12.7.1 The consent of the opposing captain must be obtained for the use of a substitute if any player is prevented from fielding for any reason other than illness or injury suffered during the match.

12.7.2 If a member of the fielding team is late (more than 2 overs) in taking the field at the start of play for whatever reason e.g. stuck in the traffic, he may not bowl until he has been on the field for as long as he was off it, subject to a maximum cumulative penance time of 6 overs. The consent of the opposing captain must be obtained for the use of a substitute in such cases. However, if the player does not arrive by the completion of the 6<sup>th</sup> over or 30 minute mark (whichever comes first) then he/she shall not take any further part in the game and the substitute fielder (if applicable) will be asked to leave the field too with the offending team having to play with one player short. ## 12.11 BOUNDARY MARKERS

12.11.1 The distance between boundary markers may not exceed 10 feet. The home team shall lose overs and the toss, per league rules, in the event this requirement is not met by the official starting time of the game. Teams in violation of this rule may lose a maximum of 5 overs, but not forfeit the game. Only official umpires assigned by the PCL shall have the authority to enforce this rule or determine if the requirement is met.

## 12.12 ABANDONED/RAINED OUT GAMES

12.12.1 If play is abandoned because of unfavorable weather conditions or because a ground or pitch is unfit or unavailable for play, the match shall not be rescheduled and both teams will share points.

12.12.2 A game that is interrupted by rain, bad light or other factors will be decided based on the Duckworth-Lewis calculations for revised target score as outlined in **APPENDIX 3**, provided the team batting second has batted at least ten (10) overs. - The team with the highest win percentage (Win %) or Win to Loss Ratio shall be determined by dividing the total number of games won by the total number of games completed multiplied 100. Washed out/abandoned games will not be considered.
- If still equal, the team with the most number of wins over the other team(s) who are equal on points and have the same number of wins (head-to-heads between 2 or more teams)
- If still equal, the team with the highest net run rate

### 12.15 DELAY OF GAMES PENALTIES

12.15.1 For all PCL-T20 Games, teams are required to complete each over within 4.5 minutes. Whereas a penalty will not be assessed after each over if a team fails to complete its 20 overs in 1 ½ hours it will be penalized as follows for time wasting:

### Procedure for the Super Over

The following procedure will apply should the provision for a Super Over be adopted in deciding a tied game.

1. Subject to weather conditions the Super Over will take place on the scheduled day of the match at a time to be determined by the PCL Official Umpire. In normal circumstances it shall commence 10 minutes after the conclusion of the match.
2. The Super Over will take place on the pitch allocated for the match (the designated pitch).
3. The umpires shall stand at the same end as that in which they finished the match.
4. In both innings of the Super Over, the fielding side shall choose from which end to bowl.
5. Only nominated players in the main match may participate in the Super Over. Should any player (including the batsmen and bowler) be unable to continue to participate in the Super Over due to injury, illness or other wholly acceptable reasons, the relevant Laws and Playing Conditions as they apply in the main match shall also apply in the Super Over.
6. Any penance time being served in the main match shall be carried forward to the Super Over.
7. Each team's over is played with the same fielding restrictions as apply in Powerplay #1 (Overs 1-6).
8. The team batting second in the match will bat first in the Super Over.
9. The same ball that was used to conclude the match will be used for both the Super Over innings.
10. The loss of two wickets in the over ends the team's one over innings.
11. If the number of boundaries hit by both teams is equal, the team whose batsmen scored more boundaries during its innings in the main match (ignoring the Super Over) shall be the winner.
12. In the event of the teams having the same score after the Super Over has been completed, a count-back from the final ball of the Super Over shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball, i.e including any runs resulting from wides, no ball or penalty runs.

#### Example:

RUNS SCORED FROM:	TEAM 1	TEAM 2
Ball 6	1	1
Ball 5	4	4
Ball 4	2	1
Ball 3	6	2
Ball 2	0	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings. However team 1 scored 2 runs from its 4th ball while team 2 scored a single so team 1 is the winner.
